Little Caesars Veterans Program

PROVIDING FRANCHISE OPPORTUNITIES TO VETERANS

★ HISTORY ★

Little Caesars® believes in giving back to the people and the communities that support our business across the country. We also believe that our veterans, the men and women who have given so much to serve our country, should return home with business prospects to help them achieve their hopes and dreams. We created the Little Caesars Veterans Program to honor qualified veterans and provide them with an opportunity to become Little Caesars franchise owners. We're proud to work with key suppliers to create a unique program with significant credits and benefits that can help veterans transitioning to civilian life or seeking a career change.

Little Caesars founder Mike Ilitch, a former Marine and former Detroit Tigers minor league baseball player, is familiar with facing transitions. After suffering an injury that abruptly ended his baseball career, Mr. Ilitch had to determine what to do next.

His baseball skills weren't as useful off the field, and he never forgot the struggle of trying to answer the question "what now?" After investing his life savings to start Little Caesars with his wife Marian in 1959, he knows the rewards of building a business. The Little Caesars Veterans Program was created out of this experience.
